

How to make a .iso file from your CD or DVD

To make an ISO from your CD/DVD, place the media in your drive but do not mount it.

If it automounts, unmount it.

for DVD:

```
dd if=/dev/dvd of=dvd.iso
```

for CD:

```
dd if=/dev/cdrom of=cd.iso
```

SATA device

```
dd if=/dev/sr0 of=file.iso
```

SCSI device:

```
dd if=/dev/scd0 of=cd.iso
```
